Choose from 3 integrated, enterprise-level feature-packed modules, on desktop and mobile app, each with built-in reporting and analytics
1. Desk Management module

Space Connect's unique Desk Management module enables you to self-configure, re-configure, scale and tailor your desk booking model in minutes.

No other solution makes it so easy for your users to find colleagues, search, book and check-in to available desks, all from their mobile app.

Unique and essential features include:

- Complete flexibility of desk management contract terms, with just 30 days' notice
- Instant desk activation/deactivation – and pay only for the desks you set as 'Active'
- Unlimited users at no additional charge
- Self-uploadable, interactive floor plans
- Third-party desk bookings
- Automated desk-booking 'Conflict Resolution'
- Covid-security alerts and notifications
- Customisable Covid-security pre-screening questionnaires
- Covid-secure contact tracing
- Touch-free desk check-in, including QR code

2. Meeting Room Management module

Space Connect delivers a feature-rich meeting room solution that integrates directly with your calendar environment, in real-time.

So your organisation's existing calendar is *always* the single source of truth – no booking-clashes, no confusion. Just smooth, convenient, seamless booking.

- Two-way calendar integration (O365 and Google)
- Configure and set meeting room booking rules, quickly and easily
- Search for available meeting spaces by resource and capacity
- Manage meeting bookings on the go, via mobile
- Find and book spaces directly from your calendar or by using the 365 Add-In
- Easily manage your meeting and event catering
- Automatically pre-register external meeting guests
- Self-uploadable 3D map views
- Integrates with MS Teams and Zoom
- Out-of-the-box video conferencing automation
- Out-of-the-box, advanced room panel/signage integration
- Touch-free room check-in, including QR code (coming soon)

SPACE CONNECT
Fast, affordable workspace transformation

3. Visitor Management module

The Space Connect Visitor Management module delivers outstanding value, with advanced features such as AI-driven visitor face and voice recognition, alongside quick, easy and flexible self-configuration.

Now you can easily create and manage a tailored, branded, Covid-secure visitor experience, integrated seamlessly with your meeting room management.

- Unlimited visitors
- Register multiple types of visitors
- Customised branding
- Photo capture, badge printing and visitor T&Cs
- Real-time customisable notifications
- Automatic and manual visitor pre-registration
- Offer touch-free visitor registration with QR codes (coming soon)
- Offer touch-free visitor re-registration, with AI facial recognition
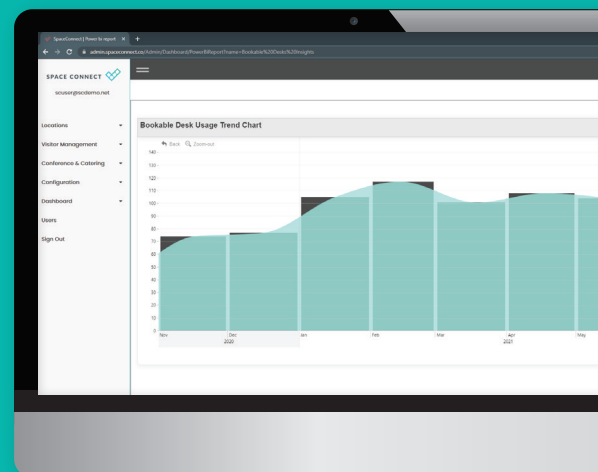

Reporting and Analytics

Each Space Connect module includes real-time reporting and analytics, and comes complete with MS Power BI Reports – free of charge.

KPI dashboards and graphical reports provide top-down, drillable insights into desk and workspace utilisation, behaviour and trends, allowing you to make informed, data-driven decisions.

- Monitor headcount and workspace capacity for Covid security
- Map desks and spaces for social distancing
- Easily run detailed Covid-secure contact tracing
- Analyse event booking and space usage trends
- Report by multiple variables, in real-time
- Full data extract capabilities
- Optimise workspace to meet staff and business needs
- Deliver real-estate costs savings and ROI
