## Why Space Connect for meeting room and desk management?

- Exceptional affordability and value
- A completely flexible, no-risk, no min-term agreement
- Super-fast deployment: same-day setup, and multiple sites within less than a week!
- Easy self-configuration: quickly add and configure desks, rooms, floors and sites
- Detailed real-time analytics built-in

## Uniquely flexible and affordable desk management

Space Connect's unique Desk Management module enables you to self-configure, re-configure, scale and tailor your desk booking model in minutes.

No other solution makes it so easy for you to manage how your users find, book and check-in to available desks, Covid-securely, all from our user-friendly mobile app or desk booking portal.

## Smooth, seamless meeting room management with Space Connect

Space Connect delivers a feature-rich meeting room solution that syncs automatically with your calendar environment (O365 or Google), in real-time.

So, your organisation's existing calendar is always the single source of truth - no booking-clashes, no confusion. Just smooth, convenient, seamless booking.

## Better meetings with IAdea Signboard and Space Connect, together

IAdea's all-in-one smart Signboards integrate out-of-the-box with Space Connect for a turnkey solution that delivers elegant and easy room status availability and booking.

Benefits of Space Connect room panel and signage integrations

- No additional charge for Room Panel app
- Fully automate the meeting room management process
- See real-time occupancy and availability info, on the fly
- Check into /check out of meetings early
- Extend current meetings
- Use one-tap booking for on-the-fly / ad hoc meetings
